

Who is Tante Emma?

Once upon a time, long before one-click shopping and Amazon Prime, Germany had the Tante Emma Laden: a tiny corner store where you bought bread, butter, and often got more gossip than groceries. Tante Emma wasn't really anyone's aunt, but she felt like family. She knew your favorite treat, slipped you a smile with your change, and always made you feel at home.

At Tante Emma, we've brought that same spirit to the kitchen. Our homemade schnitzel is golden and crisp on the outside, tender on the inside. Our spätzle are hand-scraped with love, just like in the old country. And our brats? Served with just the right amount of mustard, packed with flavor, and begging to be paired with a cold German beer. So of course we offer a wide selection of German beers and wines to complement every bite. Because Tante Emma always believed a good meal deserves a good drink.

Pull up a chair, loosen your belt, and let Tante Emma spoil you. Here, comfort food meets tradition, flavor meets fun, and every meal comes with a generous side of warmth, heart, and German *Gemütlichkeit*.

Homemade with love

We're a tiny kitchen in a small town, and everything is made from scratch with fresh ingredients. Most of the time, your meal comes out quickly, but during the busy summer season, it can take a little longer.

We promise it's worth every bite!

If the wait is longer than usual, we'll give you a heads up — and maybe even a free pretzel. Meanwhile, kids can color and design coasters because good things — and little masterpieces — take time.

Hop into tradition

In Germany, there's a centuries-old rule called the *Reinheitsgebot*, or German Beer Purity Law. It means traditional German beer is made with only water, barley, hops, and yeast — no additives, no shortcuts, just pure, classic ingredients. Because of the barley, our beers aren't gluten-free, but they're full-flavored, handcrafted, and made to be enjoyed, savored, and celebrated.

Traditional German beers are brewed very differently from American-style IPAs. They're crisp, clean, and balanced, with malt-forward flavors and subtle hop notes. They're also sessionable, which means they're easy to drink without overwhelming your taste buds or packing a heavy punch. Think of it like this: German beers are classic, refined, and smooth, while IPAs are loud, bold, and attention-grabbing.

And to set the record straight: the myth that Germans drink their beer at room temperature? We would never! Our beers are served cold, refreshing, and ready to enjoy. Because life's too short for warm beer.

Cheers to that — Prost!
