THE LOCAL LAB

The Local Lab is a space inside The Yellow Giraffe where small, local brands can test real products with real customers – before they go further. Every bit of feedback goes straight back to the people who made it.

This month, we're testing hand soap and lotion from **Organic Naturals**, a local skincare brand made from Botswana's own Morula and Mowana. You'll find it in our restrooms – try it, then scan the QR and tell us what you THINK. It takes less than two minutes, and it genuinely helps a small brand grow.

TYG LOCAL CORNER #PUSHABW
